WITNESS: William Tomaselli
36352 Thrasher Lane
Ocean View, DE 19970
(h) (302) 616-1807

Mr. Tomaselli was interviewed by the OAG on numerous occasions beginning in 2008. On each occasion, the OAG took notes of what Mr. Tomaselli said. During early interviews with the OAG, Mr. Tomaselli was addressed in an abusive and vulgar manner. Mr. Tomaselli made statements to the OAG during these interviews in which he denied wrongdoing with respect to the misconduct with which Mr. Feese was charged, and which exculpated Mr. Fees from wrongdoing. No entry of any of Mr. Tomaselli's statements is contained in the ROI. During his testimony before the Grand Jury, the OAG did not elicit Mr. Tomaselli's exculpatory assertions.

WITNESS: John Perzel
7810 Brous Avenue
Philadelphia, PA 19152
(h) (215) 447-3140

John Perzel was interviewed for this Certification on July 16, 2015. At that time, Mr. Perzel denied knowledge of any wrongdoing. This is inconsistent with statements made later in that OAG interview and with Mr. Perzel's testimony at trial. The OAG suggested to Mr. Perzel shortly before he entered his guilty plea that if he cooperated with them by saying that, among others, Mr. Feese had to know of the use of computer services paid for with Commonwealth funds for political purposes, he could expect to receive a sentence of 18 months; if he did not, he was told, he could expect to receive a sentence of 5 years. These statements were made to Mr. Perzel by Patrick Blessington the evening before Mr. Perzel testified in Mr. Feese's trial. No notes of the OAG's interviews or of the inducement made to him to testify as the OAG wished were given to Mr. Feese. Mr. Perzel did not testify before a Grand Jury.

Dauphin, PA
(h) (717) 921-2654

Lori Locketto was interviewed for this Certification on July 19, 2015. Ms. Locketto stated that she was interviewed numerous times by the OAG. She believes that Mr. Fina and Mr. Blessington were present at all meetings. Notes were taken of each OAG interview with Ms. Locketto, although these notes were not provided to Mr. Feese. In these interviews, Ms. Locketto repeatedly denied wrongdoing by her superiors in the procurement and use of computer services. Ms. Locketto was subjected to abusive treatment during these interviews, particularly by Mr. Blessington. Indeed, she was reduced to tears more than once. Ms. Locketto never testified before the Grand Jury or at trial.
